5. Programs of Study, Course Articulations, College in the High School

Check what Carlisle program credits transfer to post-secondary schools. You can do this yourself on the website below or see your instructor or school counselor for help. College in the High School students will have a transcript at Post-Secondary school where you are a student, make sure you contact that school and forward your transcript to the post-secondary school you will be transferring your credits. See Dr. Parrillo for help in the CTE Office.
